In the references first and second read above, the MD, APGENCO, Hyderabad has requested the Government to allocate 25 Cusecs of water per annum (0.80 TMC) from the proposed Bolligattu Reservoir under Indira Dummugudem Lift Irrigation Scheme for the proposed 600 MW Thermal Power Project at Sattupalli of Khammam District.

2. In the reference 5<sup>th</sup> read above, the ENC, (Irrigation), Hyderabad has stated that the C.E., RS IS LIS's & D-NSP TP LC., in his letter Dt:16.06.2010 has informed that the M.D APGENCO, Hyderabad has requested to allocate 25 Cusecs of water through out the year from the proposed Bolligattu Reservoir under Indira Dummugudem Lift Irrigation Scheme for 600 MW Thermal Power Project at Sattupalli of Khammam district. The CE,RS IS LIS & D-NSP Tail Pond Link Canal in his letter Dt:03.03.2010 has informed that it is not possible to allocate 0.80 TMC of water from the proposed Bolligattu Balancing Reservoir to 600 MW Thermal Power Project at Sattupalli of Khammam district, as the reservoir is yet to be sanctioned. The Engineer-in-Chief has however recommended to permit the APGENCO to draw the water directly from River Godavari by making its own pumping arrangements.

3. Government after careful examination of the proposal, and based on the recommendations of the CE,RS IS LIS & D-NSP Tail Pond Link Canal Hyderabad, hereby accord permission for drawl of 25 Cusecs of water through out the year i.e 788.84 Mcft or 0.80 TMC per annum from River Godavari by making its own pumping arrangements for their proposed 600 MW Thermal Power Project at Sattupalli of Khammam District subject to payment of water charges and general conditions as detailed below.

1. The water can be spared subject to the availability of water in the Godavari River. The water demand for agriculture will take precedence over the industrial supply during the lean flows and APGENCO will not be entitled for any compensation.

2. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the APGENCO.
3. Water meters or suitable measuring devices should be installed by APGENCO at their own cost to measure the water consumed and should be made available to the department authorities and the representatives of the user shall be present at all time for inspection.
4. The APGENCO should pay the water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate/royalty the permission to draw water shall stands cancelled.
5. The APGENCO shall obtain the prior concurrence from concerned Departments for laying pipeline and for crossing etc.,
6. No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease of Government should be paid as fixed by Government only.
7. The APGENCO should make their own arrangements to dispose the treated effluents as per norms of A.P. Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the A.P. Pollution Control Board are to be obtained in this regard by the APGENCO before drawl of water from the source.
8. The Irrigation Department reserves the right for cancellation of the permission without assigning any reasons thereof.
9. The Irrigation Department is no way responsible for non-supply of water due to any reasons.
10. The APGENCO must acquire the private land for installation of pumping arrangements. If the APGENCO proposes to utilize Government land for installation of pump house, necessary permission is to be obtained from the Government for leasing the land and the lease amount as fixed is to be paid by the Industry.
11. The APGENCO must strengthen the river margin 100 m., from the toe of the River Flood Bank.
12. The APGENCO has to lay CC(1:4:8) before laying the pipeline and CC(1:2:4) over the pipeline refill the pipeline with proper soils and consolidate the banks as directed by the Department.
13. The APGENCO has to construct CC walls to avoid leakage at pipeline crossings.
14. The water drawn from the Godavari River should be utilized for the purpose for which permission is granted. Any misuse on this account shall entail cancellation for the permission without any notice and liable for imposition of penalty.
15. The APGENCO should follow the Revenue Board Standing orders.
16. The APGENCO shall pay security deposit at 2.5% on water charges for which permission is granted.

17. The APGENCO shall pay water charges as advance and any amount due to the department before entering into agreement.
  18. The APGENCO has to concluded agreement with the officers concerned of Irrigation Department.
  19. The APGENCO shall abide by any other conditions laid down by the Government/Department from time to time.
  20. The APGENCO has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10<sup>th</sup> April every year as per BSO
  21. The consumptive utilization of 0.80 TMC per year as required should not exceed under any circumstances.
  22. The Department is no way responsible for any damages that may occur to the off take point due to floods in Godavari River or on account of any other reasons.
  23. The permission does not confer any riparian right to the APGENCO.
  24. Non-adherence to any of the above conditions by the APGENCO will entail cancellation of the permission.
4. The Engineer-in-Chief (Irrigation), Hyderabad shall take necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
